Background

On August 6, 1959, Miami-Dade County acquired at no cost by virtue of Florida Flood Control District Deed No. 21, rights in reservations for canal and levee purposes over the western 130 feet of Section 21, Township 52 South, Range 40 East, a strip of land lying east of the centerline of NW 97 Avenue. Said rights in reservations were given to Miami-Dade County to be used as needed in accordance with the County Water Control Master Plan for flood protection and water management. There is no existing canal along NW 97 Avenue and the Water Control Plan shows no proposed canal at that location. Therefore, those rights in reservation are not needed by Miami-Dade County for canal purpose and can be released when so requested. 114 Acres Hialeah, LLC, the owner of Tracts 26, 27, 29, 30, 31 and 32 that are encumbered by said reservation, has requested that Miami-Dade County release those portions of canal reservation within their tracts.

The Department of Environmental Resources Management has reviewed this request and recommends its approval by the Board.
